Selecting a Course for Re-Registration

- Each referee, based upon their current Referee Grade, will have a personal menu of Annual Registration Renewal choices from which they must select.
 - Most will select to Maintain their Current Grade.
 - Some may select an Upgrade: If they have met the upgrade certification requirements to be approved for an upgrade.
 - Few may select to Downgrade or, if available, select Emeritus.
- Others may include a Mid-Season Upgrade: this would be an upgrade during the current year after they have already re-registered for the current season.

Selecting a Course ... Continued

For those selecting an Upgrade Registration, most requirements for certification are now often recorded within the G.O. Registration & Course Management system.

1. Assessments
2. Written Test
3. FIFA Interval Fitness Tests
4. Educational Clinic/Course Hours

may all be available on record and viewed by the CNRA Registrar to confirm your certification requirements. **However, referees should always keep their own personal records and have them available to submit either via mail, email, text, fax or other acceptable communications set by the Registrar.**

Course Registration Process

Once you have selected a Registration Renewal Course you will then be taken to the “Course Registration” page.
